I've just sent her an email saying I can assist with this tomorrow.

Hi Dave,

I am assuming the press office should respond to this reporter? I know that it's not appropriate for me to reply. I will defer to you on the next step.

Thanks!

Kira

Hi Kira,

I hope this note finds you well. I'm an environment reporter with WCAI, the NPR station for Cape Cod.

I'm reaching out because I understand your office will review the Massachusetts Army National Guard's proposed machine gun range and its potential impacts on the Sole Source Aquifer that runs beneath Joint Base Cape Cod. I'd welcome any opportunity to talk with you more about this review: I'm eager to understand the process and timeline from this point, how your office decided to conduct the review, and what could come out of it.

Thank you for considering it,  
Eve
